CITY COUNCIL HOLDS MEETING

The policy of the new board of Trustees in dealing with the liquor question was defined at the regular meeting Monday night when an ordinance was introduced which when made alaw will revolutionize Redwood City's saloon industry. The new ordinance wipes out the old liquor law which with numerous amendments, has been in effect for the past twenty-five years Its moral features are similar to those of the old ordinances, requiring that places of business shall be kept in an orderly manner; that no liquor shall be sold or given to intoxicated persons or those under the age of eighteen years, and saloons must close at 11 o'clock each evening and remain closed until 5 o'clock the following morning

The business is divided into four classes—A, B, C, and D.

Class A includes the saloons, for which an annual license of $500 is imposed. Applicants must give public notice of their intention to apply for license, being vouched for by ten bona fide taxpaying residents of Redwood City whosenames shall appear on but one such petition. A bond of $1000 shall also be furnished, having as its surety some responsible surety company, authorized to do businessin California. Side and rear entrances are abolished and no saloon is permitted within 200 feet of any property upon which is located any church, school or public library In dealing withthose who are addicted to the inordinate use of liquor, the ordinance provides that the family of such persons may notify the clerk who in turn will notify the board and if the complaint is properly founded saloon proprietors will be directed to rerain from selling liquor to such persons under penalty of forfeiting their license.

A class B license will authorize the sale of liquor in quantities of not less then one pint, not to be drank on the premises and shall be known as a "Wholesale Liquor License." costing $240 per year

A class C license will permit the sale of liquor by grocers in quantities of not less than one pint, not to be consumed on the premises for which a license of $120 per year will becharged.

A class D license allows the furnishing of liquors with meals by restaurant, and meals to cost not less than 20 cents. This license will not permit the maintainance of a bar, but the liquor must be sold from a stock kept on the premises and must be consumed on the premises. The fee charged for this license is $100 per year.

In no case will a special permit be issued to keep open after 11 o'clock. Grocers who conduct saloons in conjunction with their places of business must have a separate door leading to the saloon and no connecting door between the two places. The marshal is requested to make criminal complaints against all persons who violate the provisions of the ordinance, whereupon suit shall be instituted to collect such portion of the bond filed as the board shall deem just in the premises, the minimum amount to be not less than $250. A fine of $300 is provided as punishment for an attempt to sell liquor in either of the classes mentioned without first securing a license.

The ordinance was introduced by Brown seconded by Beeger.

Hynding stated that he would vote for the introduction of the ordinance but he did not favor it as it was in his opinion unjust to the dealers in liquor as there was none in town who could afford to pay the license demanded.

Upon roll call the ordinance was regularly placed before the board on the affirmative votes of Merrill, Beeger, Brown and Hynding. Negative, none. Absent, Havey.

Beeger, chairman of the committee on Public Utilities reported that his committee in company with Street Superintendent Dickey and Mr E. Fowler, had visited the Dingee property and after inspection of the foot hills had selected a site for a reservoir, subject to the endorsement of the board.

Further discussion was postponed until a meeting could be had with Mr. Dingee and full details of the project ascertained.

The committee was empowered to secure the services of an expert in reservoir and water supply matters and have him inspect the system and advise on proposed improvements.

Chairman Merrill proposed that investigation be made as to the feasibility of opening some street from Main street across the creek and and public school lands on the island, to connect with Webster street at the junction of Washington. Referred to the committee of public utilities and City Engineer.

A communication was received from Arnold Hess, contractor, stating that the subgrade was nearly complete on Roosevelt avenue and asking that a time be set so that any person interested can be heard. The next regular meeting of the board will take place June 1st, and a hearing was set for that date.

Map and resolutions of a re-subdivision of a portion of the Wooster, Whitton & Montgomery addition was received, fled and adopted.

Residents along Redwood avenue requested that water mains be laid along that thoroughfare as far as Hawes street. Laid over for further consideration.

An application was received from Luke S. Humphreys for the postion of poundmaster, and placed on file.

Bids were received for furnishing lead and oakum required in laying water pipe, and the clerk was directed to purchase the material from Crane Company, they being the lowest bidders. The cost to be $5.40 per hundred pounds of lead and $2.75 per bale for oakum.

The consideration of street improvement was continued to May 25.

The attention of the health officer was called to the slaughtering of calves within the city limits, and the marshal was directed to assist in stopping the practice.

Trustee Hynding reported that water is running to waste in Union Cemetery and the clerk was diected to notify the Cemetery Association that a meter must be installed and meter rates paid.

The street superintendent reported that he had employed a man to ascertain how many loads of water can be distributed in sprinkling the streets in a day of eight hours. Twenty-five loads were distributed but this is more than can be done every day during the summer, and it was decided that twenty-two loads is all that can be expected. unless two shifts are worked.

The clerk was directed to advertis for bids for sprinkling and street sweeping.

Street Superintendent Dickey reported that several meters have been recently installed and that meters paired. He also reported a leak in that are out of order are being re the water pipe under the bridge on A street, and requested the board to allow him to tear up the pavement of the bridge as otherwise it is impossible to make the necessary repairs. The request was granted.

The clerk was directed to engage assistance in assorting and placing in safe keeping the records which have been lying uncared for in open boxes in the town hall. Mr. Brown was also instructed to have boxes made for the storing of same.

The street superintendent was directed to lay 100 feet of one and one-half inch water pipe where necessary on Seventh street.

The report of town officers were as follows:

Town Clerk Plump reported the issuance of 2 merchants licenses $8; 1 restaurant, $2; 3 liquor permits, $3; total, $13.

Marshal Christ reported collections as follows: Water rates, $736.85; connections, $90; street assessment $24.55; Roosevelt avenue assessment, $291.30; total $1180.70.

CONCERNING REDWOOD CITY.

Redwood City, the county seat of San Mateo county, California, is situated on the coast division of the Southern Pacific railroad, 29 miles south of San Francisco and at the northerly end of the far-famed Santa Clara valley; it is also at the head of navigation on Redwood Creek, an arm of the Bay of San Francisco, and on the right of way now being obtained for three electric railroads from San Francisco to San Jose. Its climate is unsurpassed, having none of the rigorous winds of the more northerly portion of the peninsula, and also escaping the extreme heat of the southerly portion. The extremes of temperature during the past fifteen years have been from 31 degrees in January to 99 degrees in August and September; the average rainfall is about 22 inches. The town proper embraces an area of about 2700 acres and contains 2500 inhabitants. Its prominent buildings consist of a new $250,000 courthouse, an up to date twelve room grammar school with large assembly hall, costing $35,000, having nine teachers and being attended by 300 pupils; a new brick high school of eleven rooms, costing $55,000, employing five teachers and attended by 110 pupils; a $10,000 Carnegie Library, city hall, brick theatre, one fine bank and another in course of erection. The above mentioned high school is accredited to the University of California and the Leland Stanford Jr. University, the latter being only five miles distant. There is also a private school conducted by the Sisters of Natre Dame. Religious denominations are Catholic, Congregational, Episcopal, Methodist and Baptist, each having their own house of worship and parsonage. All the principal fraternities are represented and are quartered in four finely equipped lodge rooms. The principal streets are bituminized, the side streets oiled and eight miles of new water pipe laid. The industries consist of two tanneries, employing 280 men, one leather-finishing factory, two extensive salt works, two large lumber yards, a large codfish packing plant, one planing mill, one flour and feed mill, electric light plant and gas works, and in the vicinity dairying, farming, vegetables, fruit and berry culture, potted plants and cut flowers, with many elegant country homes. The principal business houses are one National, one Commercial and two Savings banks, one Building and Loan Association, two newspapers, seven hotels, numerous rooming houses, two livery stables, grocery stores, two hardware stores, restaurants, dry-goods and gents furnishings, two drug stores, two laundries, two cigar factories, one motorcycle shop and an extensive Chemical works.

The board met on Wednesday and transacted the usual business.

H. W. Brown presented a map of Cottage City, a small subdivision of Brighton Beach. Same was accepted on motion of Eikerenkotter seconded by MacBain.

A communication was read from the Stockton Chamber of Commerce inviting the Board to attend a convention of Highway Commissioners. Commercial organizations of the State to convene at that city on June first. The communication was ordered filed.

J.W. Williams, who built the bridge over he San Francisquitto creek, asked that the balance due him of $1100 be allowed. He claimed that Mr. Suverkrup's charge for gravel was unreasonable and besides he had not finished his contract. On motion of Eikerenkotter seconded by Blackburn the communication was referred to MacBain for adjustment.

At the suggestion of H. W.Brown and George C. Ross the matter of the incorporation of the town of Burlingame went over until June 1st at 2 o'clock .

Bids for printing the delinquent tax list for 1907-1908 were opened and were as follows:—

Times-Gazette—75 cents per squarc, first insertoni, 50 cents each subsequent insertion

Burlingame Advance—35 cents per square each insertion.

South City Enterprise—50 cents per square, first insertion, and 25 cents each subsequent insertion.

San Mateo Leader—$2.00 per square for all insertions.

The bid of the Democrat appeared to be the lowest, but E. I.Woodman, who represented the South San Francisco Enterprise and whose bid was the next lowest, claimed that in as much as the Democrat did not specify the size of the type to be used the bid was not legal. J. V. Swift of the Democrat claimed that his bid was legal and insisted that he be awarded the contract. After much argument the board finally agreed with Mr. Woodman and gave the contract to the Enterprise. The motion was made by Blackburn seconded by Eikerenkotter. MacBain voted no and Debenedetti failed to vote.

On motion of MacBain seconded by Blackburn, Gorge C. Ross was given permission to lay a half mile of pipe on Santa Cruz avenue to his property in La Loma Park. The work is to be done under the supervision of Supervisor MacBain.

The clerk was drecited to notify the Health Officer to appear at the next meeting of the the board and explain in reference to the appointment of Deputy health officers.

Clerk J. H. Nash asked for a leave of absence of 60 days from the state to commence June first. Said request was granted on motion of Blackburn seconded by MacBain.

On motion of Eikerenkotter seconded by MacBain, Blackburn was authorized to secure plans and specifications for the Thompson bridge.

County Surveyor Neuman presented the following estimate for repairs on bridges in the Third Township. On motion of Eikerenkotter seconded by Blackburn, MacBain was given permission to go ahead with the work.

To the Honorable Board of Supervisors, San Mateo County.

Gentlemen: Pursuant to an order of the Board, made at the request of Supvisor MacBain, I have examined bridges at the following places:

On the bridge over the Dennis Martin Creek on the Woodside and Searsville Road, I find the following repairs necessary: One new bent 18 feet high. Sway braces on two bents. New approach on southerly end of bridge, and two-inch wearing surface over southerly half of bridge. The cost of work I estimate at about $175.

The first bridge South of Preston's on the Woodside and Searsville Road is in a very bad condition. I recommend that this bridge be removed and replaced with a 36-inch corrugated metal culvert and earth fill over it. The cost of work would be about $300.

On the Burk bridge (connecting Santa Clara and San Mateo counties) I find the truss badly in need of tightening, the cost of work would be about $125. I also find the Santa Clara side of bridge in need of a new bent and approach to cost about $75, and the San Mateo side in need of new flooring for approach to cost about $40.

I should recommend that all of said work be attended to at once.

Respectfully submitted,
JAS. V. NEUMAN,
County Surveyor.

On moton of Blackburn seconded by Eikerenkotter the following resolution was adopted closing the Crystal Springs road in the Second Township.

Whereas, J. P. Weller, a freeholder and taxpayer in the Second Road District of the county of San Mateo, and nine other freeholders and taxpayers of said district, and all of whom own property which is taxable therein for road purposes, and all of whom, including said J. P. Weller, reside in said district, did on the 20th day of April 1908, file with this Board their petition praying that a certain portion of what is known as and called the "Belmont and Crystal Springs Road", as in said petition particularly described, be abandoned, discontinued and closed as unnecessary and of no use, for reasons in said petition stated and set forth, and

Whereas, this Board thereupon directed notice to be published by the Clerk of this Board that said petition would be heard on the 18th day of May, 1908, and directing all persons objecting to the abandonment, discontinuance and closing of said portion of said road to appear at said time and that they would be heard at said meeting, and said matter being regularly continued until this date, and now coming on regularly to be heard, before this Board, and it appearing to this Board that said notice was duly printed and published in the "Times Gazette," a newspaper printed and published in said county of San Mateo as directed by said order and in accordance with law, as will more fully appear by the affidavit of publication on file herein, and

Whereas, testimony was taken in open session of this Board, and it appearing to the Board that all statements contained in said petition are true, and that the prayer thereof should be granted,

Now therefore it is hereby ordered that that certain portion of the "Belmont and Crystal Springs Road" beginning at a point in the center of the road herein abandoned, which point bears South 17 degrees 28 minutes West 357.1 feet from a point in the center of the proposed new road, which last named point bears North 42 degrees 30 minutes West 84.7 feet from a point which is the next course upon said proposed new road, and running thence from said first point along said old road Northerly and Northwesterly to a point in the center of said proposed new road which is distant 451.10 feet and which bears North 66 degrees 42 minutes West from the Southerly corner of the County Poor Farm property, to and which said above described portion of said Belmont and Crystal Springs Road is situate in the Second Road District of said county of San Mateo, State of California, be abandoned, discontinued, and closed as unnecessary and of no use to the public, and any and all right of the said county of San Mateo therein be, and the same is hereby released and waived.

DOINGS IN THE SUPERIOR COURT

Alma M. Ireland, through her attorney Samuel M. Shortridge, has filed a contest against the last will and testament of Albion Weeks, who died at Pescadero on March 21st, of this year. The coplaint alleges that the purported last will was not signed at the end by the deceased and that the alleged witnesses thereto did not sign the document, that Albion Weeks was a very sick man and unsound of mind when he is purported to have signed the will, that he was unduly influenced by his wife, Margaret May Weeks, whom he married six weks prior to the execution of the instrument. It is also a'leged that said Margaret May Weeks poisoned her husband's mind against his adopted daughter in order that she might enherit the entire estate. Mr. Weeks married the mother of the contestant in 1893 and she came to live with her parents at Pescadero. She was always affectionate to her father and he inturn showed the deepest affection for her. She was legally adopted on February 5th 1903 in the superior court of this county. E. F. Fitzpatrick, one of the legatees under the terms of the will and the person named therein as executor offered the alleged willfor probate on March 26th. The complaint prays that said will be not admitted to probate and that it have no force and effect. The bulk of the estate is bequeathed to Margaret May Weeks. It is probably worth nearly $50,000. It consists of a large ranch near Pescadero of great value.

Ephraim Britton and others have commenced a suit in the superior court against Mary A. Chrisman and others to quiet title to a certain parcel of property near Pescadero in the B. V. Weeks subdivision. The plaintiffs have also brought a seperate action against Lizzie A. Steele and others to quiet title to the same land.

W. S. Rand has filed a notice of intention to ask for a new trial in the damage suit of W. S. Rand against Geo. A. Hensley et al.
